

PARAMJEET PATRA

Senior Product Manager | AI/LLM • Agentic AI • MCP • AI Agents • B2B SaaS

Bengaluru, India • +91-7205276462 • paramjeetpatra098@gmail.com • linkedin.com/in/paramjeetpatra/

SUMMARY

Senior Product Manager with 5+ years of product management experience and 9+ years of overall professional experience building AI/LLM, Generative AI, agentic AI, data and B2B SaaS products. Experienced across AI product strategy, discovery, roadmap, execution, adoption, experimentation and commercialization. Hands-on experience with MCP, AI agents and skills, RAG and retrieval workflows, prompt engineering, model APIs, AI evaluation, natural-language interfaces and LLM-powered workflow automation.

PROFESSIONAL EXPERIENCE

TRACXN — Bengaluru, India

Senior Product Manager | Aug 2025 – Present

- Launched Tracxn MCP Server, enabling proprietary market-intelligence datasets to be accessed through Claude, ChatGPT and Gemini; drove adoption to 35% of users/accounts.
- Launched Agentic Search, enabling natural-language discovery and analysis of company, funding and market intelligence; increased self-serve usage by 25%.
- Helped create custom AI agents and skills to solve customer-specific workflows and automate repetitive business processes.
- Automated product workflows using AI/LLMs across requirement gathering, customer feedback analysis, requirement writing, testing, quality analysis, market/competitive research and dashboard/MIS creation.
- Developed an AI Data Assistant for conversational access to structured datasets using retrieval/RAG workflows; defined data organization, metadata, retrieval and evaluation requirements.
- Applied prompt engineering, model APIs, retrieval workflows and AI evaluation to improve AI-powered product experiences.
- Partnered with engineering, data, design, analytics and customer-facing teams to translate emerging AI capabilities into customer-facing products and scalable workflows.

Product Manager | Jan 2024 – Jul 2025

- Helped launch and scale the External API offering as a new recurring revenue stream generating approximately \$1M ARR, defining customer requirements, API capabilities, packaging and integration workflows.
- Designed OpenAPI specifications and data-access workflows, improving developer experience and enabling scalable consumption of proprietary datasets.
- Led enterprise data delivery through APIs, custom exports and data warehouse integrations including Snowflake and BigQuery.
- Launched CRM integrations across Salesforce, HubSpot, Pipedrive, Affinity and Zoho.
- Developed Excel and Google Sheets plugins with formula-based querying and automated refresh, reducing analyst workload by 30%.
- Redesigned authentication and onboarding experiences, including OAuth/SSO integrations with Okta and Microsoft Entra ID.

Senior Associate Product Manager | Aug 2022 – Dec 2023

- Led product discovery and requirements for data products and enterprise workflows, translating customer needs into scalable product capabilities.
- Improved product discovery through search, autocomplete, deep-linking and workflow improvements.
- Worked on CRM and enterprise integrations, defining data mappings, object relationships, synchronization requirements and data quality expectations.
- Used customer feedback, product analytics and usage data to identify product opportunities and prioritize roadmap initiatives.

Associate Product Manager | Aug 2021 – Jul 2022

- Worked with customers and internal stakeholders to identify product problems and translate them into product requirements and user stories.
- Supported product discovery, requirement definition, prioritization, sprint planning, testing and product launches.
- Partnered with engineering, design, data and customer-facing teams to deliver improvements across data discovery and user workflows.

STERLITE TECHNOLOGIES — Aurangabad, India

Operations Team Lead | May 2019 – Aug 2021

Led cross-functional process improvement initiatives in optical-fiber manufacturing using Lean and Six Sigma; reduced production defects by 25%.

EDUCATION

NATIONAL INSTITUTE OF TECHNOLOGY, ROURKELA — Bachelor of Technology, 2017

CORE SKILLS

AI / GenAI: Generative AI • LLM Applications • Agentic AI • AI Agents • AI Skills • MCP • RAG • Retrieval-Augmented Generation • Prompt Engineering • Model APIs • AI Evaluation • AI Workflow Automation

Product Management: Product Strategy • Product Discovery • Roadmapping • Prioritization • Customer Discovery • Product Analytics • Experimentation • Requirements Definition • GTM Strategy

Technical: APIs • OpenAPI • Data Products • Data Modeling • Data Warehousing • BigQuery • Snowflake • Data Integrations • Developer Experience

Enterprise: Salesforce • HubSpot • Pipedrive • Affinity • Zoho • OAuth • SSO • Okta • Microsoft Entra ID

Certifications: Lean Six Sigma Green Belt • Product School – PM Foundations (2023)
